Wainwright Conference Makes New Proposals

The Fifth All Farmers' Conference held at Wainwright on April 10th, after thorough discussion, drafted and adopted a brief on agricultural conditions as related to essential production of farm commodities so vitally necessary to the War effort. While definitely rejecting the idea of a farm strike, because of the harm it would do to the cause of the United Nations, it sounded the warning that "unless greater measures of co-operation in regard to labour, finance, machinery requirements and prices, is developed between the Federal and Provincial Governments and the farmers there may easily develop a grave crisis in food production in Canada."

The Conference got under way after Mr. Lars Myggland was elected Chairman and R. Garneau re-elected Secretary. G. Golding, Dave Ratnay and A. R. Kent served on the Resolutions Committee while J. C. Ford, P. Gidora and H. French acted on Ways and Means Committee.

The Conference confirmed the appointment of J. C. Ford, R. C. Hissett, Fred Ford of Heath, E. R. Fay and R. Garneau as the representatives of the Conference Movement on the Zone Committee.

The brief also recommended consideration of resolutions passed at previous Conferences and further recommended the following:

That a Women's Land Corps be organized and trained for dairying, sugar beet, vegetable and poultry production; cutting down on advertising commercial travelling and the development of co-operative operation of stores.

Labor saving machinery to be made more readily available.

Loans of \$300-\$400 to be made available for purchasing breeding stock, milking machines and cream separators; for building hog pens, sheep fencing, chicken runs and brooders.

Their Way and Ours

We are being asked to lend our money at a good rate of interest for Victory Bonds. We are not being asked to give it, or even to lend it without interest. Nor are we being asked to buy weapons and use them. Nothing we may do in support of the Fourth Victory Loan can compare with what Ivan Bokyo and his wife are doing for their native Russia. They were war workers in an armament factory building tanks. After helping to build one, they used their life savings to buy it. Then, not satisfied with their contribution, they sought and obtained Premier Stalin's permission to take their tank to the front and fight in it against the Germans.

It is not known what fate Ivan Bokyo and his wife may have met in their tank, but it is certain that even death would not convince them they were doing too much for their country.

What we are being asked is so much less!

VALOUR AND VICTORY

Many a Canadian soldier has captured an enemy pill box with the aid of an armful of hand grenades, and some have won the Victoria Cross for it. Hand grenades cost \$2 apiece. The bronze used in Victoria Crosses is salvaged from cannon captured at Sebastopol. The bit of silk ribbon on the crosses costs .74 cents a yard.

So it seems that the highest kind of valour doesn't cost us much, but victory will, unless we hasten it by buying Victory Bonds for arms and ammunition.

EVERY CENT COUNTS

No amount you can lend your country is too small. Steel helmets cost \$2.39 but are not complete without a small threaded washer costing one cent. Two cents will pay for a case for anti-gas eye shields; three cents for a large C.W.A.C. button; four cents for a comb. And so it goes, right up to 97 cents for a two-quart coffee pot; 99 cents for three pairs of anti-gas overmittens; and \$1 for a Wren's shirt!

A \$100 Victory Bond will save a lot of soldiers a lot of polishing. It will provide 50,000 plastic buttons for battle dress.

Successful Candidates Of St. Johns Ambulance

The following is a list of successful candidates in First Aid: Examinations conducted in March by Dr. Braithwaite and E. C. Emmott, Ambulance officer:

Labels—Corpl. Miller, Lola Mabey, Marguerite Brunet, Doris Johnson, Mrs. F. E. McLeod, Mrs. E. Gander, Mr. F. McLeod.
Medallions—Mrs. M. Harden.
Vouchers—Constable James Grey, Purvis Patterson.
Certificates—James Hill, H. Wilson, D. Rutherford, Lionel McLeod, Miss D. Adams, Miss G. Bruner, Miss N. Johnson, Mrs. J. Finlay, Mrs. McNeill, Mrs. R. Snyder, Mrs. F. Miller, Mrs. F. Stevens, Miss H. Souther, Miss M. Gander, Miss V. Sutherland, Miss E. Ford, Miss J. Cardell, Miss Helen Finkman, Miss M. Carrell, Miss B. Snyder, Miss S. Miller, Miss B. Gardiner, Miss O. Gidora, Miss V. Gidora, Mrs. Purcell.
All First Aiders wishing to join the Brigade, for further instructions in First Aid, together with A.R.P. work, please register with the Secretary, Mrs. F. E. McLeod as soon as possible.

Invest \$100 in a Victory Bond and you provide nine fighting Canadians with battle dress and anti-gas trench rattles.

STORES ALL CLOSE ON FRIDAY NEXT

There will be no half-holiday today (Wed.) owing to the fact that Friday next is Good Friday and a Dominion holiday all day. Monday next is Easter Monday, but will not be observed as a holiday; and Victoria Day (May 24th) will also be a working day, as declared by the Ottawa authorities for the duration.

Rebekahs Hold Farewell Party For Member

A farewell party was held at the home of Mrs. Lorne Mitchell on Monday evening when that lady entertained a number of members of the Rebekah Lodge in honor of Mrs. Hatfield who is leaving soon to make her home at the coast.

The evening was pleasantly spent in playing cards and bingo. At midnight a delicious lunch was served by the hostess after which Miss Elsie Haywood, Noble Grand, presented Mrs. Hatfield with a Lodge Pin as a parting gift of remembrance from the members to which she suitably replied.

Farm Products For Victory

How many loaves of bread are there in a cargo ship? How much beef in a bomber? And how much milk in a gun? The answer to these paradoxical questions is: "Plenty." More is needed than machines and materials to make the tools of war. More important still is the sweat and toil of the men who produce them. And of vital importance too is the food that builds the energy they require to turn out the ship, the plane, the tank and the gun.

The farmers of Canada, therefore, are taking a direct part in the Dominion's momentous war production drive. In addition to producing foodstuffs for embattled Britain and Russia, they have more than 1,000,000 hungry war workers, and half a million men in uniform to feed—a tremendous responsibility.

The Department of Munitions and Supply which buys food for the troops at the rate of \$60,000,000 a year, also caters to the appetite of some 250,000 war workers. The majority of large government-owned or government-operated war plants which have mushroomed throughout the land since the outbreak of war maintain cafeterias for their employees. At the huge Dominion Arsenal, more than 5,000 workers are provided with a wholesome mid-shift meal for which they pay only 15 cents. More than 100 other big plants serve hot meals at prices ranging from 15 to 30 cents. Typical meal includes soup, meat, two vegetables, dessert butter and rolls.

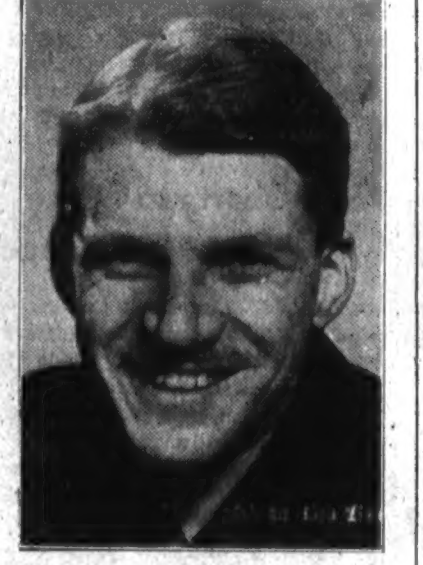

The demand of the armed forces in Canada for foodstuffs is also great. The purchasing branch of the Munitions and Supply Department in 1942 bought 80,000 tons of vegetables, 50,000 tons of meat, 33,000 tons of bread; 7,000 tons of butter; 8,500,000 dozen eggs, 2,000 tons of coffee and tea, and 9,000 tons of evaporated milk.

Mr. H. MacDonald is spending a few days in the city this week.

Victory Radio Program Weekly From CJCA

Canada's Fourth Victory Loan drive is about to be launched, and as in past drives, Canada's radio stations across the length and breadth of our vast country are doing their bit to assist in the sale of War Bonds. The "Victory Loan Program" which began Wednesday, April 14, and will be heard each Wednesday at 7 p.m. for five weeks, is an all-star variety show. Name-stars from the United States and Canada will appear in each show. For the very finest music, the most interesting dramatic presentations, the smartest bands, and most up-to-the-minute information on what is going on in the Victory Loan Drive, Be sure to listen to the "Victory Loan All-Star Variety Show" each Wednesday evening at 930 k.c. on your dial.

Charles Delafield

Mr. Delafield is CBC's Supervisor of Religious and Institutional broadcasts. When the CBC-CBC School of the Air of the Americas closes its classroom doors Monday, April 19, it will mark the closing also of Canada's most successful season since the "school" began in 1940. Mr. Delafield is one of those responsible for the Canadian originations of "Lands of the Free", heard each week over the NBC Inter-American University of the Air. A series of these programmes is now being broadcast each Sunday from CBC's Montreal studios to a network of NBC stations in the United States.

Meat Rationing Plan Will Be 'Simple'

TORONTO—Kenneth W. Taylor, foods administrator for the Prices Board, said in an interview that meat rationing in Canada would be on a "very, very simple basis—not really a point system at all."

"The meat rationing order is still in the draft stage," he said. The "basic point of our meat rationing system as it now stands is two pounds of meat of average carcass weight. The ordinary steer runs to between 25 per cent of bone and gristle. The rest of the animal is edible meat. That is the basis from which we start."

"If your taste runs to cooked, bone less ham, you will be allowed less than two pounds per week. If, on the other hand, you prefer meats which are largely bone, you will be allowed considerably more than two pounds a week."

Board of Trade Discusses New Dental Clinic

There was a fair attendance at the April meeting of the Board of Trade held in the Council Chambers on the 7th of April, with the president, Mr. L. W. Smith, in the chair. Mr. M. D. Meade acted as Secretary pro-tem in the absence of Mr. C. Wilbraham. Considerable discussion took place in regard to the proposed milk processing plant in Wainwright. The executive reported success in obtaining a Permit from the Wartime Prices and Trade Board but the original promoter reported he would be unable to proceed with the project. Action of the executive in continuing their efforts was approved by the meeting.

A resolution that the Town Council be asked to take steps to regulate the sale of milk in the Town in accordance with Health regulations, was passed.

The executive was authorized to approach the Town Council with regard to making a gift of snow-plow at present in their possession to the Municipal District, following an offer from the Municipal District to put the plow in working order and keep the district roads clear of snow in future, as far as possible.

Memorial Service For Sergt. P. Stuart

A service in memory of Sergeant Philip Stuart, killed in action on April 9th, was held in St. Andrew's Presbyterian church last Friday, April 16th. The church was filled with friends and sympathizers, and the local branch of the Canadian Legion attended in a body. The service was conducted by Rev. H. L. Wilson, minister of St. Andrew's church, assisted by Rev. L. A. Bralant, rector of St. Thomas's church, who read the scripture lesson, and Rev. A. D. Richard of the United church, who offered prayer. Mrs. Fred Sheffield sang "Beyond the Sunset". In his sermon, Mr. Wilson extended the sympathy of his congregation and the community to Philip Stuart's loved ones, and he recalled that on his last day in Wainwright, Philip had attended church. The hymns "Abide With Me" and "For All The Saints" were sung, and the service closed with "God Save the King" and the benediction.

Lady Nelson Now Hospital Ship

Montreal—Entering a new phase of a useful sea career, H.M.S. Lady Nelson, flagship of the Canadian National Steamships Canada-West Indies fleet, has been converted into a hospital ship for the use of casualties of the Canadian armed forces. It is the first Canadian hospital ship of the present war. It will be operated by officers and crew of the C.N.S., with Capt. George W. Welch in command. A complete hospital unit of medical officers, nursing sisters and orderlies will take care of the patients. They will be in charge of Major A. H. Taylor of Goderich, Ont.

Local Odd Fellows To Observe Anniversary

At the evening service at the United church on Sunday next, the local Odd Fellows and Rebekahs will attend in a body to observe the 124th anniversary of that organization.

In honor of the Easter festival, too the choir have made special preparation for a splendid musical service, and will render two seasonal anthems. In addition to this, a vocal duet will be given by Mrs. W. S. Clark and Mrs. Geo. Clark, and Mrs. Alex. Gray will contribute a sacred soprano solo. Mr. Alec Adams (violin) and Mrs. J. Telford (organ) will augment the musical end of the service, and the pastor, Rev. A. D. Richard, B.A., will be in charge and preach the sermon.

Ottawa Extends Loan to Alberta

OTTAWA, April 14—Finance Minister Dingley yesterday tabled in the house of commons an order-in-council renewing for one year a loan of \$1,861,500 due to the Dominion government April 15 from the government of Alberta.

The question of closing hours for stores was brought before the meeting, and recommendation made that the merchants themselves should apply to the Council if they consider any change advisable.

The Secretary was instructed to communicate with the Provincial Minister of Health re, having a Dental Clinic include Wainwright in its itinerary at as early a date as possible. Mr. H. E. Spencer, speaking on behalf of the Municipal District, expressed the desire of the Municipal District to co-operate with the Board of Trade in every way for the good of the district. The meeting adjourned at 10 p.m.

University Week For Farm Young People

The University Week for Farm Young People will be held at the University of Alberta, June 3rd to 10th, 1943.

Any farm young people of Alberta, either boys or girls, between the ages of 16 and 27 inclusive, may attend. This year, accommodation is limited and if you wish to attend, send in your application as soon as possible. Rooms will be allotted in the same order as the applications are received until the available space is filled. As present conditions may affect the attendance, we would like to know at an early date the number of young people to expect, so send your application NOW.

Room and board will be provided in St. Stephen's College on the University Campus and in private homes. A fee of \$1.00 should accompany the registration form. If you attend, this will be applied on your board. In the case of failure to attend, the fee will NOT be returned.

W.A. PLAN EASTER TEA

The April meeting of the W.M.S. and W.A. of the United church was held at the home of Mrs. L. Mitchell. Mrs. Schmitt led the devotional period with an inspiring talk on a consecration of our talents, what ever they may be, to the service of our Master. Mrs. Washburn led the study on Christian Neighborliness. It was a challenge to overcome racial prejudices and the barriers of caste and creed, to become really Christian neighbors.

The W.A. completed plans for the Easter Tea and sale of home cooking and fancy work to be held on Saturday, April 24th, in the I.O.O.F. hall.

Mrs. L. Mitchell and Mrs. Mitchell Sr. were hostesses.

The May meeting is to be at Mrs. W. Washburn's with Mrs. C. MacKenzie and Mrs. P. May as hostesses.

Metiskow Boy Killed in Action

Mr. and Mrs. Theo Smith of Metiskow have received official word that their son, Sergt. Curtis Smith, Wireless Air Gunner, is missing and believed dead after one of the February raids over Germany.

Sergt. Smith came to this district from California with his family and went to school at Dolcy and McCafferty where he took an active part in all community affairs and was a general favorite. He enlisted in February 1941, at 23 years of age.

He is survived by a sister, Mrs. D. Marcom, living in Wainwright, as well as his parents and brother and sisters at Metiskow, also one brother Jason, with the R.C.A.F.

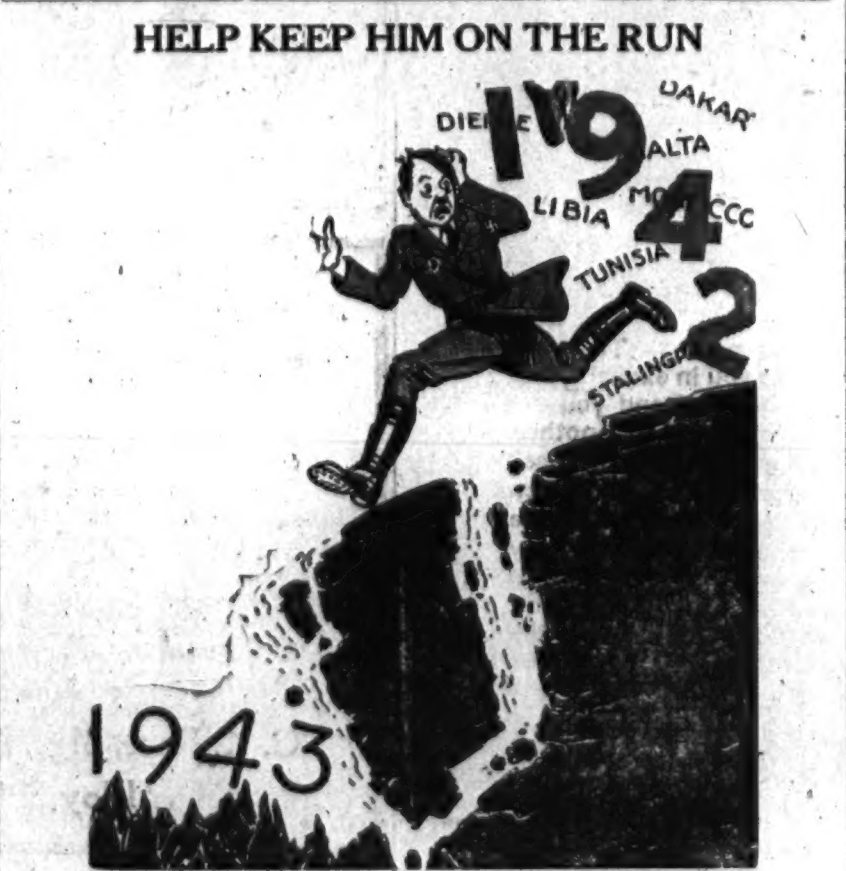

Women Cooks Now on Railroad Work Trains

St. Albans, Vt.—Women continue to invade the field of men in railroad work and now on lines of the Central Vermont Railway, New England, subsidiary of the Canadian National Railways, women are being employed as cooks on work trains and the feminine touch in the preparation of food for hard-working track and welding gangs is making itself felt. One woman has been assigned on a special work train which houses an "extra gang" of some 75 workmen who are laying new rail, and another woman is cook on the work cars of a track welding crew.

PASSENGERS HELP RED CROSS FUND

Edmonton—Passengers on a Canadian National train travelling between Winnipeg and Edmonton, organized a glee club, went singing through the train and collected \$50 in a sailor's hat.

WAINWRIGHT, WEDNESDAY, APRIL 21st, 1943

A GOOD

SPRING TONIC

The Victory Loan Communities Contest launched by the National War Finance Committee should prove to be a good spring tonic for the Fourth Victory Loan Campaign. Most of us carry around a fair share of enthusiasm for Canada's war job. But the trouble with most of us is that we keep it bottled up in placid form. We don't shake it up often enough and allow it to influence our actions as it should.

Let's take a homely illustration to amplify the point. Common experience tells us that the less physical effort we make, as a rule, the less we want to make. The less we use our muscles, the weaker they become. But when we begin to walk in town, to walk to church, or to put new vigor into the physical part of our day's work, we stir up our latent store of physical energy and we feel inclined to do more and more.

The mental approach to our duties as citizens in war time is governed by similar conditions. The more we think and feel about things we should do to hurry our victory against oppressors and to bring our boys back home as soon as possible, the greater our urge to increase and strengthen our personal part of the job. When we express our feelings through public gatherings in our communities during the Victory Loan Campaign, converting our thoughts into action and words, we are bound to feel like buying more Victory Bonds than we did before.

There is no corner on ideas held by any particular group of citizens or by any one community in the country. The Victory Loan Contest should encourage the production of excellent campaign promotion in every section of every province.

Former Well-Known Postal Official Dies

Rev. W. H. Shaver, minister of Zion United Church, United Church of Canada, officiated at the funeral services for Russell Henry Long, 58-year-old superintendent of the investigation division of postal services, who passed away Saturday afternoon. The services were conducted in the chapel of W. J. Jones and Son Thursday afternoon. Interment was made at Rosedale cemetery.

During the service Mr. E. Cameron

Farewell Party For Greenshields Residents

A very enjoyable evening was held at the home of Mr. and Mrs. A. Flatter when some forty friends and neighbors gathered to bid farewell to Mrs. E. Jackson and Marshall, who are leaving the district shortly.

During the evening, Mr. F. T. Haywood presented the guests of honor with little gifts or remembrances, and expressed regret at so many of our neighbors leaving the district. The recipients very suitably replied, after which the ladies served a lovely lunch before the party broke up.

Government Orders New Regulations

The single number plate now issued for Alberta cars must be displayed on the rear and firmly attached so the lower edge is not lower than the axle.

A motorcycle plate should also be carried at the rear so as to be clearly visible.

No vehicle must be stationary on the highway outside of city, town or village, without a lit tail lamp or reflector attached to the left of the rear end. No vehicle, other than motor cars or bicycles, must be on the highway unless it displays one light visible for 100 feet. An alternative to the light is a reflector, front and rear, so fixed that the lights of approaching vehicles will be reflected. This applies to trailers also.

Every bicycle must carry a lighted lamp after dark. It must be visible for 100 feet ahead, and there must be a lighted lamp or reflector showing a red light to the rear, placed so that it reflects the light of any approaching motor vehicle.

Meat Charts to Aid Mrs. Canuck

OTTAWA—Mrs. Jack Canuck will see a meat chart on the wall of every meat or butcher shop to guide her purchases when she goes forth to buy her meat ration, once the new system is introduced in Canada.

These charts, now being prepared by the Wartime Prices and Trade Board will show how much of every type of meat and every kind of cut that can be had for ration coupons. The chart will be the official guide for both butcher and customer.

Victory Bonds

The Canadian Red Cross is Ready!
Buy War Savings Certificates

Why You Should

Buy the **VICTORY Loan Bonds**

They Help You Save
They Help Win the War
They Earn Money for You
They Provide Cash in Emergency
They Will Buy Post-War Goods

Victory Bonds are just like money. They are issued by your Government to you in exchange for a loan. When you buy a Victory Bond you are simply exchanging one form of money for another. Ordinary money is the kind you get when you sell things you raise on your farm, and pay out when you buy things you need. Victory Bonds are a form of bills intended to be saved. And a Victory Bond earns money for you every day you have it. A \$100.00 Bond earns \$3.00 for you every year. Money invested in Victory Bonds will provide the money we need to buy the things we need when the war is over.

T. EATON CO. LIMITED

Permits Required To Slaughter Livestock

Ottawa—All who slaughter cattle, calves, hogs, sheep or lambs for the sale of meat are being warned that temporary permits issued by the foods administration Wartime Prices and Trade Board at Ottawa or to a and Trade Board since last fall will be cancelled on April 17, and that after Monday, April 19, it will be necessary to have a permanent permit issued by the Board. Applications for permanent permits for slaughtering should be made to the Foods Administration of the Wartime Prices regional office of the Board. This is said to be one of the first and necessary steps required for establishing of meat rationing on an equitable basis across Canada. Steady and normal flow of meat into trade channels will assure every citizen of his proper rationed share. It will curb development of black markets in meat.

Farmers are reminded that those who kill livestock on their own farms for consumption in their own household do not need permits. Neither does a farmer need a permit to slaughter livestock for another farmer who intends to consume the meat in his own home. Beef rings will not need permits where they kill livestock for other members.

NOTICE

CHURCH SERVICES FOR HOLY WEEK

April 19—23, 1943

Following are the church services to be held each evening during Holy Week at 8 p.m.:

FARM NOTES

PRUNING TREES

If the woodlot does not fulfil the dual roll of woodlot and shelterbelt, pruning should be designed to permit the development of trees with clean trunks and without many branches, for lumber.

Double tops and excess branches should be completely cut off but not so early or so severely as to retard or interfere with the growth of the trees. Here again there must be judicious, thinning out of the weak and poor type trees, if maximum returns in fuel wood and timber are to be realized during the expected lifetime of the woodlot.

Judicious pruning of individual trees may result in certain benefits, namely, the development of symmetrical specimens with well-placed and well-spaced branches, uniform growth over the entire tree, and the elimination of weak branches and undesirable crotches.

In the first place, such trees to be developed as attractive, mature specimens, must have sufficient space in which to grow. If planted when small the area which each is expected to eventually occupy will seem to be excessively large. Nevertheless, other conditions being favorable, the advantage of ample living space will be manifested in rapid annual growth.

Some trees require more pruning than others, for instance, spruce trees require practically no pruning apart

from the removal of double tops. Except under unusual conditions, or to satisfy a personal fancy, the lower branches of spruce trees should not be cut off.

On the other hand, white elm should have fairly severe annual pruning if poor crotches and top-heavy limbs are to be avoided. This habit of growth of the elm is well known, and it is a condition which planters should train themselves to deal with rather than condemn the tree because of its habit of growth. The elm has many valuable characteristics.

With a view to developing smooth trunks free from branches and unhealed wounds, pruning of basswood, ash, maple (box elder), elm and other kinds intended for boulevard planting should begin when the trees are thin saplings. For a few years such trees must usually be staked to keep them upright. The production of upright trees with straight, smooth trunks is usually less difficult with trees having opposite buds, e.g. ash, than with trees having alternate buds e.g. elm.

Then there are smaller trees including dwarf Asiatic elm, butternut, Ohio buckeye, flowering crabapple, hackberry, mountain ash, Japanese lilac, hardy apricots, laurel willow (this willow really makes an attractive small tree) which may be pruned in a manner similar to that recommended for the group mentioned in

the preceding paragraph but to a less or degree and height. Under prairie conditions many of these may succeed best if grown in bush or short-trunk form.

With the majority of these smaller trees the removal of surplus, crossing and weak branches at their points of origin may largely constitute the pruning required. If more pruning is practiced, injury to trunks by sunscald is likely to occur, and as the bows are elevated it becomes more difficult to admire and enjoy the flowers, foliage, and fruits produced by them.

Even when the best possible precautionary measures are taken to prevent it, damage to trees by vermin and other causes may occur. Damage to evergreen trees is almost wholly irreparable, and should be prevented if at all possible.

World of Wheat

H. G. L. Strange,
Director, Research Department,
Searle Grain Company, Ltd.

WHAT IS "PARITY"?

Some who believe in "parity" evidently do not know what it really is. "Parity" for agricultural products, as described officially by the United States Government, and as understood by the Searle Grain Company and by some others, means simply that agricultural products should each be at such a price as will enable

farm products—a bushel of wheat, or 100 pounds of hogs, of sheep, of cattle, or any other item—to purchase the same quantity and quality of goods and services that farmers have to buy, as these farm products did actually purchase in 1913-14.

Some people believe, however, that the base year should be the average of 1926-1929, and others believe it should be the highest price registered on any one day between 1926 and 1929. This latter is apparently the "parity" given to industrial labour.

There are some advantages, I suggest, however, in using the 1913-14 base as is done in the Searle Index, for at any time with this base we can compare the welfare of the farmers in the United States with those of Canada.

With this 1913-14 "parity" our farmers would be reasonably well off, and could not be accused of asking for too much in this time of war.

ITEMS OF INTEREST IN THE

WORLD OF FOODSTUFFS
Argentina's exports of fresh fruits in 1942 were 28.6% less than in 1941. The U.S.A. winter wheat crop is unofficially estimated at 612,731,000 bushels compared with 703,253,000 bushels produced last year. As a result of reduced plantings in Norway and Sweden, winter wheat prospects in Northern Europe appear to be below average.

Canadian hog production has been considerably expanded by wartime needs and bacon exports now amount to over \$125,000,000 a year—Russia has reported the development of a new type of spring wheat, which is said to be especially resistant to diseases such as rust—Spain and Turkey with large crops in prospect may not have to depend to any extent on imports of grain.

Household Hints

LEMON JUICE SAVES OIL FOR OTHER PURPOSES

Salad perfection depends upon the dressing. Lemon juice is a natural "ready-to-serve" dressing ideal on lettuce or other salad greens, tomatoes, avocados, grated raw apple or carrots, as well as many combination vegetable or fruit salads. This juice brings out subtle taste values in the foods blended together and at the same time adds its own fresh goodness and dietetic value.

Lemon juice as a dressing may be served plain or with salt, sugar or honey added. When used in this manner, this citrus juice frees the oils ordinarily used in salad dressings for other cooking purposes and thus helps the "save-the-fat" program now being carried on extensively by our government.

If a cooked dressing is preferred, one that is gaining popularity now because it uses no oil is the following:

GOLDEN SMOOTH DRESSING.

Combine and cook in double boiler until thickened:

2 eggs, slightly beaten
¼ cup sugar
¼ cup lemon juice
½ cup orange juice
Chill. If desired, fold in ¼ cup cream, whipped. This is especially delicious when served with a fruit salad. Makes about 1 cup.
A new taste thrill to be used for variety as a salad dressing, requiring no oil, and equally delicious on fruit or vegetables is a Cottage Cheese Dressing. It is easily prepared by combining and blending the following ingredients—beating well until smooth:

Cottage Cheese Dressing (Makes 1 cup)

3 tablespoons lemon juice
6 tablespoons cottage cheese
6 tablespoons evaporated milk
½ teaspoon salt
2 tablespoons sugar or honey
Dash of paprika
1 tablespoon chopped chives, if desired

Lemon French Dressing requires less oil than many similar dressings because lemon juice is used to provide the nippy flavor appeal and combine with the oil to give the desired base. As a marinade this dressing is especially good for it brings out hidden flavors, giving a well seasoned effect. It may be used as a dressing from the foundation recipe or may be changed to suit the individual taste with the additions mentioned below:

ST. PATRICK'S WAR MENU

Here are some dinner suggestions that fit right into our war menus. Add your own meat or fish dish, your favorite vegetables—and you have a dinner fit for a king:

St. Patrick's Salad Bowl

2 cups salad greens
2 cups orange slices
½ cup ham slices
¼ cup celery pieces
¼ cup Lemon French Dressing
Cut the cold, crisp salad greens into small pieces, and the orange slices into fourths. Combine with ham, cel-

ery and dressing in large salad bowl. Toss lightly together. Serves 6.

Cheese Souffle

3 tablespoons quick-cooking tapioca
1 teaspoon salt
1 cup milk
1 cup grated American cheese
3 egg yolks, beaten until thick and lemon-colored
3 egg whites, stiffly beaten
Combine quick-cooking tapioca and milk in top of double boiler. Place over rapidly boiling water and cook 8 to 10 minutes after water boils again, stirring frequently. Add cheese and stir until melted. Cool slightly while beating eggs. Add egg yolks and mix well. Fold into egg whites. Turn into greased baking dish. Place in pan of hot water and bake in moderate oven (350 deg. F.) 50 minutes, or until souffle is firm. Serves 6.

Souffles have party glamour but their temperamental tendency to slump without warning used to keep them from serving on party menus. Nowadays by using quick-cooking tapioca, even a beginner cook can count on a perfect souffle every time. Tapioca acts as a binder and provides dependable insurance against falling.

Peach Shortcakes

1 box (16 oz.) quick-frozen sliced peaches, thawed
4 hot shortcake biscuits, split and buttered
1/3 cup cream, whipped
Spread thawed peaches on lower halves of hot shortcake biscuits, top with upper halves and additional peaches. Garnish with whipped cream. Serves 4.

Quick-frozen sliced peaches are easy on the sugar quota, for they come to you all sweetened. The best way to thaw all quick-frozen fruits is to leave them in their cartons in the refrigerator for six to eight hours or to let the cartons stand in the kitchen at room temperature, where the fruits will thaw in about three and a half hours. If you're in a great hurry, take the fruit from the package and pry it apart gently with a silver fork, and it will thaw in about two and a half hours.

Cafe Au Lait

Use 1½ heaping tablespoons ground, decaffeinated coffee to each cup water. Make by any method desired. If percolated, "percolate" 18 to 20 minutes slowly and gently, or longer than ordinary coffee. Have ready a pot of hot milk. When serving, pour milk and coffee together into cup in equal amounts. If using decaffeinated coffee, drip grind, measure well-rounded tablespoon instead of heaping tablespoon. Cafe au Lait is a good "stretcher" to help make your ration go farther. It's a good idea to serve decaffeinated coffee, so that everyone can relax taut nerves and drink his share of the precious brew without worry over sleeping problems.

Fats and Bones
CANADA
URGENTLY
NEEDS THEM

HERE'S WHAT TO DO

- 1 You can take your fat dripping, scrap fat and bones to your meat dealer. He will pay you the established price for the dripping and the scrap fat. If you wish, you can turn this money over to your local Voluntary Salvage Committee or Registered Local War Charity, or—
- 2 You can donate your fat dripping, scrap fat and bones to your local Voluntary Salvage Committee if they collect them in your community, or—
- 3 You can continue to place out your fat and bones for collection by your Street Cleaning Department where such a system is in effect.

DEPARTMENT OF NATIONAL WAR SERVICES

EATING RATIONALLY

Present advices from Ottawa indicate that meat rationing will not cover liver, heart and kidney. If a restricted use of the muscle meats leads to a greater use of organ meats a distinct nutritional advance will have been made.

Everyone by now has been informed that liver, calves', beef or pork is good food. Most people know that pork liver is even more valuable from a nutrition standpoint than the more expensive calves' liver. Very few people however know just how good it is. Three essential food elements apt to be lacking in the Canadian diet are iron, Vitamin A and riboflavin. In the light of that fact the following table is extremely interesting. Average adults daily need—Iron 12 mgms.; Vitamin A 5000 units; Riboflavin 2.2 mgms.

1 small serving of liver (3.3 oz.) provides—Iron 11.3 mgms.; Vitamin A 7050 units; Riboflavin 2.07 mgms. No other single food packs so much of the protective food elements into so small a space.

So everyone should eat it at least once a week. If the family doesn't like it straight, try one of these recipes:

Liver Loaf

1 lb. beef or pork liver
2 cups bread crumbs
1 medium onion
¼ cup tomato or vegetable juice
1 tsp. salt
Put liver through meat grinder. Add bread crumbs, onion, tomato and salt. Put in greased baking dish and place in pan containing warm water. Bake slowly 30 to 40 minutes.

Liver Salad

Chopped cooked liver with raw onion
Chopped celery
Mix with salad dressing and serve on lettuce.

Liver Soup

For one serving heat ½ cup chopped raw liver in 1 cup milk until liver is cooked. Add butter and chopped green onion. Do not boil.

Liver Sandwiches

Use recipe for salad, omitting the celery. Spread on thinly buttered whole wheat bread.

The Timely Help of Convenient Service

Nothing is more irksome than to be held-up or delayed in a busy season. Seeding, haying, or harvesting are jobs that a man wants to keep at and get done as soon as possible.

Provide Now for Future Buying

Some day you will be able to make those improvements you are planning, buy new household appliances, and get the latest and best in equipment. In the meantime build up your capital by buying Victory Bonds and War Savings Certificates — it's the best way to help your country and help yourself.

The timely help of convenient service is a mighty important factor in cutting down lost time when spare parts or machine service is required. In these days when farmers are being called upon to do more with less help it means a great deal to be able to telephone or call upon a local dealer and get what is wanted quickly and surely.

Established and organized to meet this ever-present need of agriculture for quick service contact, the Massey-Harris organization of branches, distributing centres, and local dealers has been geared to wartime needs. For complete machine overhauls and for prompt parts service, get in touch with your local Massey-Harris dealer.

AGRICULTURE IN ENGLAND

Agriculture plays a leading part in the war programme in every country and especially in Great Britain which must of necessity import much of its food, and the editors were able to make a brief study of what is being done to help raise as much food as possible.

We found it to be a fact that many of the former beautiful flower gardens are now converted into vegetable growing. One notable example that we saw was at Windsor Castle where the flower garden in what was originally a moat is now devoted to vegetables. While at the Roebuck Inn at Wyth Cross we were interested to notice that the lovely terraced gardens at the rear of this Inn were now filled with vegetables.

Nearly all the Canadian camps are also growing all the vegetables they can in any odd corners of land. At the camp of the No. 1 General Canadian Reinforcement Unit, they had a prize display of potatoes tomatoes, carrots, onions, beans, beets and turnips which they had grown there. Last year they said there were thirty tons of potatoes alone grown on land in the camp.

At the naval base which we visited they had fifty acres in potatoes although it was difficult to see where they could find that much to spare.

Everywhere we went we saw vast fields of cabbages, potatoes, and in some sections, sugar beets, and some of these fields looked much larger than fields of similar products which are ordinarily seen in Canada.

We had a splendid opportunity to really study an English farm when we visited one day the Canon Court Farm in Berkshire. This farm, owned by Mr. Henry J. Purser, is probably the best farm in that section of England, as it has won the King George V prize for efficiency and the King Edward VIII cup for the best cultivated farm in Berkshire. This is said to be the only cup of such nature ever given by King Edward VIII.

This farm is 500 acres in area, and four tractors are used on it. This year it produced among other things 3000 bushels of oats, and the part planted in wheat produced 64 bushels to the acre. Mr. Purser was milking 41 cows when we were there.

It was interesting to learn that this farm was redeemed from tithes only five years ago. Up until that time tithes had been paid annually to Oxford University.

The farm buildings are extensive, well laid out, and built of brick, and even the partitions of the pens were built of brick. The barns were much more substantial than the usual ones in Canada, and when one of the Canadian editors asked how old these barns were, he was informed that "they are comparatively modern, having been built only one hundred and forty years ago."

Another of the editors remarked that it would be difficult to find a barn in Canada that was over one hundred years old, whereupon he was asked if the people of Canada did not know how to take care of their buildings.

Mr. Purser showed some extra fine cabbages and marrows which he had brought back from Covent garden market the previous day because he was unable to sell them. Apparently just at that season there was more produce than could be sold.

Although farmers in England are encouraged to raise pigs, they are allowed to retain only a certain proportion for themselves. While the editors were in England there was an item in the newspapers telling of a farmer and butcher, Stanley Platt, of Church Farm, Branstone, (Staffordshire) who was fined one hundred pounds for killing two pigs when he only had a license to slaughter one.

Carrying out government regulations was not the only problem that Mr. Purser and his family had to contend with. They showed a large collection of fire bombs which had fallen on their farm, many of them in January, 1941. They had put in several nights of hard work extinguishing incendiaries.

For some reason onions are not a satisfactory crop in England, but there are some grown, although not nearly enough for the demand. Some

good specimens were seen at Amersham, and here the owner had carefully tied cotton over the tops to save the seed.

In September, the writer visited the Agricultural Fair at Cheltenham which was being held in the City Hall there. There were very fine displays of vegetables, especially potatoes, cabbages, turnips and beans. Scarlet runner beans are a highly regarded food in England, and some of the largest pods at this show were fourteen inches long. Carrots and onions were not as good as would be seen at a fair in Canada, but on the whole, the exhibits would compare favorably with Canadian produce.

There were several exhibits of eggs, and also dressed rabbits.

Gloucester, only a few miles from Cheltenham, is noted for its sheep fair, and the same afternoon I visited that interesting event. This is really a sheep market, and the buyers are mostly farmers or sheep herders seeking to improve their flocks.

There were nearly ten thousand sheep there, all herded into pens about ten feet square. The average price that day for a sheep was said to be between fifty and sixty shillings. A workman told us that the farmers try to replace their herds every two years.

Practically all the people of England are doing all they can to help by growing all the vegetables that they can. In addition to turning private gardens into vegetable patches, there are 1,750,000 allotments of land being tilled in Britain. People spend their leisure hours digging in these plots which are let to them at a nominal fee.

This past year there were good crops of apples, plums and pears grown in Britain, and there is also a small quantity of grapes grown there. One thing that was strange to Canadian eyes was the training of apple trees on stone walls. A good example of this was seen on the walls around the Bishop's Palace at Wells.

A War Agriculture Committee functions in every county to try and increase agricultural production, and these committees strive to get every acre possible ploughed up and planted in vegetables. The reason for this is that ten acres in pasture will not support more than four people, but ten acres of potatoes will maintain 42 people, or in wheat will maintain 21.

This agricultural work is a big part of the war effort, and Britain was blessed last year with a splendid crop.

Censorship on Casualties Is Now Relaxed

OTTAWA.—The censorship directive prohibiting publication of news about members of the forces who are reported missing until five weeks has elapsed has now been relaxed.

The press censors have informed newspapers that "there will be no objection in future to publication of the bare fact that these men have been reported missing provided the information has been received officially by next-of-kin and provided no direct or indirect indication is given of the date of the casualty, the locality where it occurred or the unit to which the missing officer or man belonged."

WRAPPED AIRTIGHT FOR DEPENDABILITY

Made in Canada

Plan Now To buy your VICTORY BONDS!

With more than 10,000 members enrolled in its blue-clad ranks, the Women's Division of the Royal Canadian Air Force is now making a major contribution to the cause of freedom both at home and abroad. For many months the girls in blue have been releasing men for service in the air, by working at engines and typewriters, in stores and offices and secret operations rooms, packing parachutes, charting weather and performing a host of other skilled tasks in Canada and at overseas headquarters in Britain. Now the announcement has been made that another large contingent have arrived overseas to work on stations of the new Canadian Bomber Group. Here are three of the girls who went, contemplating the Atlantic highway to adventure from the deck of the ship which took them over. They are Airwomen Gladys Nora Plaxton of Victoria, B.C., Edith M. Deeble of Chemainus, Vancouver Island, and Nora E. J. Wilkinson of Duncan, B.C.

HOLD HIGH THE TORCH OF FREEDOM

VICTORY

Nothing short of victory over the powers of aggression will ensure a just and peaceful order after the war. There can be no compromise with international bandits.

In that victory all of us wish to share.

Victory's price is high.

Some have the privilege of fighting; all have the privilege of saving money to supply our fighters with modern engines of war.

Enormous sums of money must be raised for ships, planes, tanks, guns, bombs, shells and bullets.

Have a share in the victory by saving to—

Buy Victory Bonds and War Savings Certificates and Stamps—

Pay the necessarily heavy Income Taxes—

IN ADDITION TO

Keeping up your Life Insurance and Providing for your Future Independence—

Such a programme of determined, systematic saving is part of the price of VICTORY.

AMONG THE OLD TIMERS

REMINDERS OF OTHER DAYS

TEN YEARS AGO

Word has been received here by Dr. Wallace that Mrs. Wallace landed in Montreal Friday and will spend a short time in the east before returning home.

Mrs. J. E. Wilkins has now returned home after spending a few days with friends in Edmonton and Wetaskiwin.

Mr. James McLean and family who have lived here for the past thirteen years, are moving to reside at St. Paul, Alta.

Mr. Angus McQuaker is this week repairing the damage done by fire to Herbert Reeve's house on his farm, which is occupied by Roy Goodkey.

Mr. R. M. Durrant has moved his family into the Middlemass house on Queen street. Mr. Lane, the new C.P.R. agent, will occupy the house vacated by Mr. Durrant.

Rev. W. S. Brooker returned home from Edmonton Friday after having attended the Presbytery meeting there.

FIFTEEN YEARS AGO

Mr. and Mrs. R. Wakefield, former residents here, were in town from their home at Tawatinaw, Alta., for a few days.

Mr. and Mrs. T. F. Sheridan spent a few days in Edmonton last week.

Mr. F. G. Attewell arrived from England with his family last week, and is moving onto a farm near Greenshields.

Miles Mabey is the proud possessor of a dandy new "82" Chrysler which he purchased from the Brunner Service Station this week.

Mr. Geo. Clark, the new supervisor for the S.S.B. has now moved his family into the Armstrong block.

On Monday evening last Miss G. Jeldhouse, a bride-to-be of less than a month, was honored with a cup and saucer shower at her home by the young set of town.

GERALD

On Tuesday evening, a meeting of officers of the newly formed Wainwright and District Credit Union was held at the home of Mr. L. Myggland, who presided at the meeting. 29 people became members, and a substantial working capital was deposited. Mrs. Myggland served a delightful lunch after the meeting was over.

Mr. R. Deyell has been busy this last week sawing wood for neighbors in Mascot and Gerald districts.

Most of the spring birds have appeared, and crocuses have been found

With spring in our midst, harvesting operations have commenced. Mr. D. Rattray's outfit started threshing on Friday afternoon.

Mr. R. Campbell spent a few days last week repairing telephone lines.

The Gerald Victory Club met on Thursday afternoon at the home of Mrs. D. Rattray. There were 11 members present, and Roll Call was answered by "Hints for Flower Planting." Mrs. Myggland presided. Mrs. Baker was in charge of a novel spelling match which was won by Miss A. Zender. At the close of the meeting lunch was served by Mrs. D. Rattray. The next meeting will be held at the home of Mrs. S. Cooper on May 20th.

HEATH

Tommy Jones is home from Calgary on a two weeks' leave.

Threshing has commenced in the district and the grain is turning out fairly good in spite of the activities of mice and birds.

George Cook of Artland was renewing acquaintances in the district while working on the railroad here.

Local representatives attended the meeting at Wainwright on Saturday of the Lake District Telephone Co. to consider the reconstruction of part of the line.

Misses Ruth and Dilya Jones were home on Sunday to visit with their family here.

EDGERTON

The Victory Wheel Draw at the Drug Store Saturday night was won by Sid Pawsey.

Threshing has started again for the second time in one crop year. There is quite a lot to be done and not much help to do it.

Pilot Officer Lauritz Pederson was in town for a short while on his way to the East coast. He has made rapid progress and is to be congratulated. He is another ex-pupil of Edgerton High School.

Mr. and Mrs. Brewitt from Ontario are visiting with the latter's sister, Mrs. Sawyer Sr.

Dave Tranter, our mail carrier, has now taken to using his car for the rural mail. He has had a long seige of using the horses this winter.

Mrs. Fon Guzy and one of her children returned from the coast Monday where they have been visiting.

Phil Pawsey of the R.C.A.F. was home on short leave Tuesday. He is stationed in Edmonton.

Another old-timer of this Village left Wednesday, when Mrs. Hallett left for Vancouver where she intends to make her home.

Earl Hallett has moved into his mother's house, which he has purchased.

Jim McGeachy is moving into Earl Hallett's house.

Ruth Phillips is at home enjoying a vacation from Ontario. Mr. Richardson of the C.P.R. was a business visitor to town Wednesday.

A delegation from the Wainwright School Division Board was here Thursday looking over the proposition of making another class room at this school.

Two grass fires, which got out of hand caused a little excitement Friday. Several men of the Village went to the rescue and saw that all was made safe. Great care should be exercised now that the dead grass is so dry and quickly catches from any flying embers.

Tidying up seems to be the order of the day and rakes are in great demand.

Mrs. Nowak and her daughter left Saturday to visit Walter who is working further east on the section.

Pte. McCormick is at home on leave.

Rev. A. A. Court left Thursday for his mission field in the Glendon district.

Jim Charlesworth and Harold shipped out five carloads of cattle Friday.

Lawrence Ecklund was rushed to Edmonton by car Friday for medical care. Up to this time no report has been received of him.

Mr. J. Cott, who used to be station agent here, is relieving while Geo. Phillips is away—not Mr. Scott as reported last week.

Mrs. Furber and family of Chauvin are visiting at the Rogers house.

(Too late for last week)

Too Late For Last Week.

The Victory Wheel draw at the Drug Store Saturday was won by G. Sawyer with No. 4.

Mrs. Wolff and Mrs. Dud Sawyer returned from the city Saturday where they had been to attend as delegates at the Annual Meeting of the Anglican Edmonton Diocesan Board of the W.A.

Norman Miles, accompanied by his wife, B. Crane, and Happy Montgomery, were visitors to the city by car.

Tom Roberts has taken over the delivery of milk in the Village and this service is greatly appreciated.

Mr. Michon of the Alberta Government Telephones was in town last week installing a telephone in the Victory Cafe for Maurice Byers, the new drayman and express delivery agent.

The Board of Trade held their regular monthly meeting at the Laurie Hotel on April 6th. A smaller attendance than usual was recorded. The secretary was instructed to get in touch with Dr. Peri of Provost, reminding him of his offer to make some arrangements to attend here when the roads open up. The Spring "tidy up" of all premises in the Village was discussed and it is earnestly hoped that all residents will do their utmost to have all rubbish and old weeds collected and destroyed and make the place look more attractive and at the same time eliminate a certain amount of fire hazard. Tom Shaw was a business visitor to the city.

J. L. Sutherland of Edmonton, Divisional Organizer for the forthcoming Victory Loan Campaign, was in town Wednesday to meet the local workers. The following are appointed for the Edgerton-Chauvin Unit: P. S. Pawsey, chairman; Unit Organizer, L. W. Darby; Vice-chairman, L. D'Albertanson; Chairman of general sales, Jeff Miles; Chairman Public relations, F. F. Mitchell; War Savings Stamps, R. Kingston; Salesmen, Father Lavoie, Bill Miller, B. Buckell, H. Sands, M. Nysetvold, S. Montjoy, S. Chandler, T. Shaw, H. R. Brown, F. Ramsay, B. Crane and J. F. Gilmore.

Geo. Phillips went to the city to have a medical check-up after his accident, and was found to have sustained a leg fracture which will necessitate his taking a rest for a while. Mr. Scott is relieving agent during George's absence.

Geff Miles, his wife and Dianne and Les Darby made the trip to the city by car Thursday. Mrs. Miles went on to Wetaskiwin to visit her parents there. Geff and Les report a bad trip home Saturday owing to the condition of the highway.

Mr. and Mrs. Sid Pawsey are both visitors to the city.

Rev. A. A. Court returned from Kitaco Thursday where he had been to take services.

Mr. Hallett's sale took place Saturday, and was well attended and satisfactory prices realized. L. Oxby was the auctioneer. Mrs. Hallett intends to leave shortly for the coast, where she will probably make her home.

The Red Cross Campaign recently completed realised for the Edgerton District the handsome amount of \$805.50. The Executive sincerely thank all those who helped make this a success, especially to the canvassers. Following are the amounts contributed by districts:

Edgerton Village	\$341.45
Rosedale	101.25
McCafferty & Rosemoyns	80.30
Hope Valley	67.90
Battle Valley & Pelican	57.50
Aspen	50.00
Bloomington Valley	31.50
Prospect Valley	28.00
Browning	17.10
Paradise Valley (1 donation)	10.00
Wainwright M.D.	20.00
St. Mary's W.A. Ladies are putting

HOW MUCH Did You Save LAST YEAR?

One of these days a man will call on you to talk to you about saving money. The caller will be one of your neighbors, or a man from your nearest town who is likely well known to you.

He is asking you to save money when he asks you to buy a Victory Bond. He is not asking you to give money to anybody or anything.

You save money when you buy a Victory Bond . . . and you lend your money to Canada to help win the war. The money you save is yours. You will get it back later on, and have it to do anything you wish with it. And Canada will pay you 3% interest on your savings every year until the loan is paid back to you.

TAKE A FEW MINUTES TO FIGURE OUT HOW YOU ARE GETTING ALONG

This is something that every man should do now and then.

You will see how you are getting along by comparing savings with earnings. It's what you save that counts.

Perhaps you will say you saved all you could. Did you? Remember you are asking yourself questions. You are not getting figures to show anyone but yourself. Can you figure out how you can save more?

A sure way to save money is to save it in small sums—as you get it. Victory Bonds—which can be paid for in small instalments covering a six-months' period—provide a convenient method of carrying out a savings programme. Your Victory Bond salesman will tell you all particulars.

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity.

A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest.

A Victory Bond is an asset more readily converted into cash than any other security.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. B. Anderson of Wainwright, at the Wainwright municipal hospital on April 19th, a boy.

BORN—To Mr. and Mrs. J. Marchand of Wainwright, at the Wainwright municipal hospital, on April 19th, a boy.

The fire truck was kept busy on Saturday, being called out three different times to check grass fires.

Mr. Arthur Scofield Sr., harness maker here for many years in the early days of our town called last week on a hurried visit to say "hello" to a large number of old timers. He was en route to Toronto.

Mr. and Mrs. Hatfield, who have resided in town for almost a year, are moving to New Westminster, B.C. this week to make their home there.

A few of the ladies of the Gilt Edge Community Church called on Mrs. Armstrong last Saturday and presented her with a handsome table cloth and dollies as a gift of remembrance prior to her leaving the district to reside in town.

The Wartime Prices and Trade Board announce meat rationing commencing in May. Infants, children and adults will be allowed the same weekly ration of two pounds, carcass weight.

Mr. and Mrs. Doug Carl and family from Ferrintosh spent the week end here visiting relatives.

Messrs. H. U. Taylor and D. Sutherland were trippers to the city the first of the week on business for the M.D.

Mrs. H. L. Courrier was here for a few days visit, renewing old acquaintances as the guest of Mrs. H. C. Wallace.

Mrs. A. Adams is helping in the Post office these days to replace Miss M. Brunker, who is employed at the Bank of Montreal.

Sympathies are extended to Mrs. L. Courrier, formerly of town, on the loss of her father Rev. Dr. J. E. Duce, who died in Edmonton on Thursday last.

Miss E. Eastley is spending a few days at her home in Saskatchewan visiting with her parents there.

Leroy Carl, who is with the Canadian Active Army, was home on a few days leave last week.

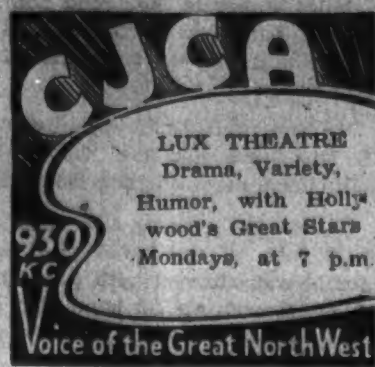

The Honourable J. L. Halsey, Minister of Finance, will visit Edmonton on Monday, April 26th. It is a distinct honour for North Alberta to have the Minister of Finance here to open the Victory Loan Campaign. He will address a Luncheon meeting at 1 p.m., which will be broadcast over C.F.R.N. There will be a re-broadcast of this address at 8:30 p.m. over C.J.C.A. in Edmonton.

Mr. Bill Dalgleish was a tripper to the city last Monday.

COMING EVENTS

Connaught Chapter, Order of the Eastern Star, will hold a court whist party in the Masonic hall Wednesday evening, April 28th, starting at 8:30 p.m. Refreshments. Everybody welcome. Admission 35c. each.

Buy Bonds of Freedom rather than wear bonds of servitude.

Word was received by Mrs. J. W. Stuart last week that her son, Sgt. Philip Stuart, of the R.C.A.F., had been killed while on active service over Germany. The funeral took place on Wednesday, April 14th, at New Market, Suffolk, England.

Geo. Reynolds will hold an auction sale at the E. Davignon place, 4 blocks north of the school on the highway, on Saturday, May 1st at 2 o'clock. Watch for posters.

CONTINUATION OF
EDGERTON
Continued from page 5

on an Easter Tea in the church basement Saturday, April 24th, commencing at 3 p.m. Everyone welcome. Jimmy Miles and his wife were trippers to the city by car.

Rev. A. A. Court, B.A.L. Th., Rector of St. Mary's church, Edgerton, gives the following list of Lenten Services: 7:30 p.m. Maundy Thursday 7:30 p.m. Good Friday.

Easter Day—8:30 a.m. Holy Communion, 11:00 a.m. Sunday School, 7:30 p.m. Evensong.

At St. Patrick's church, Heath—10:30 a.m. Sunday School, 11:15 a.m. Holy Communion.

Let us make this Eastertide a truly happy one by the reconsecration of ourselves to the service of God through our corporate worship of Him in His House.
